EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Olds on 5/10/2004.

The application has been amended as follows:

Claim 1, line 9, "non-rectangular shape" is replaced with

--rear edge with a greater length than a front edge--;

Claim 3 is cancelled.

2. The following is an examiner's statement of reasons for allowance: The reference to Paerisch et al. is removed by the amendments to claims 1 and 8. The reference to Bohm et al. while it is not specifically alleged that the application and patent were owned by the same entity at the time of the invention, no common entity being listed, is used for a wind deflector, not a panel moveable to closed and vent positions and so is not deemed to form a prima facie case against the claims of applicant. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
